Title	
Setting	Who? Where? When?
The Start	How did the characters get involved?
Problem	What was the conflict/problem?
Resolution	How was the problem solved?
Language features	Past tense Clear characters Dialogue – speech Descriptive language (adjectives) to create images (think of your five senses) Linking words to do with time

Write your essay not thinking about grammar or spellings for the first draft. When you have this finished, with different coloured pens circle any spelling mistakes in one colour and grammar or punctuation with another pen paying particular attention to capital letters, full stops, paragraphs, commas and speech marks. Then re-read it before you re-write it as a completed story.
